

XTM + VitalsoilTM
= biological life

**BIOBASED FERTILIZER
FEEDS PLANTS & SOIL**

Sustainable. Safe. Powerful.
100% Biobased ingredients
support soil health &
microbial activity.
Made in the USA.
Non-toxic to people, pets
& pollinators.

UNLOCK THE TREASURE
UNDER YOUR FEET

How Does X™ Work?

Soluble Potash (K₂O)

Boosts root strength, drought resistance

Biobased Carbon

Feeds soil life & unlocks microbial activity

Humic & Fulvic Acids

Increases nutrient uptake, soil structure, and transport

Amino Acids, Seaweed Extract, & Carbohydrates

Stimulate plant growth, metabolism, and stress resistance

X™ is engineered to feed the soil *and* the plant.

Your Soil Holds a Living Treasure

***Nutrients can be restored
***Life can return

Application Rates

Field Crops & SOD

1/2 gal/acre – foliar or soil drench

Trees, Turf, Shrubs

1–2 oz/gal of water

Hydroponics

0.5–1 oz/gal nutrient solution

What Are Experts Saying About X™?

Reactivates Soil Life

X™ feeds microbes, fungi, and root systems, rebuilding the living soil web.

Supercharges Nutrient Access

Bio-carbon and fulvic compounds unlock phosphorus, potassium, and trace minerals.

Reduces Fertilizer Dependency

Increases uptake efficiency—less input, better results.

Improves Stress Resilience

Plants treated with X™ show greater drought, heat, and salinity tolerance.

Amplifies Microbial Activity

Carbohydrates, molasses, and fatty acids act as fuel for soil life.

Penetrates Deeply

Organic alcohols & surfactants enhance absorption through roots and leaves.

Boosts Yields & Regeneration

Healthier soil, stronger roots, and increased vitality across crops and landscapes.

We Can't Wait to Hear What YOU Say.
