Yield5™

UNLOCK THE TREASURE
UNDER YOUR FEET

BIOBASED FERTILIZER

Cleargreen® Yield5™ biobased fertilizer is manufactured in the USA.
This exclusive product is effective and safe for people, pets, and wildlife when used as directed.

NET 2.5 GAL (320 OZ)

Feed the life of your plants and your soil

BENEFITS

HOW DOES YIELD5™ WORK?

Soluble Potash (K₂O)

Boosts root strength, drought resistance

Biobased Carbon

Feeds soil life & unlocks microbial activity

Humic & Fulvic Acids

Increases nutrient uptake, soil structure, and transport

Amino Acids, Seaweed Extract, & Carbohydrates

Stimulate plant growth, metabolism, and stress resistance

Yield5™ is engineered to feed the soil, not just the plant.

BENEFITS

EXPERTS ARE SAYING WHAT?

Reactivates Soil Life

Yield5™ feeds microbes, fungi, and root systems, rebuilding the living soil web.

Supercharges Nutrient Access

Bio-carbon and fulvic compounds unlock phosphorus, potassium, and trace minerals.

Reduces Fertilizer Dependency

Increases uptake efficiency—less input, better results.

BENEFITS

EXPERTS ARE SAYING WHAT?

Improves Stress Resilience

Plants treated with Yield5™ show greater drought, heat, and salinity tolerance.

Amplifies Microbial Activity

Carbohydrates, molasses, and fatty acids act as fuel for soil life.

Penetrates Deeply

Organic alcohols & surfactants enhance absorption through roots and leaves.

Boosts Yields & Regeneration

Healthier soil, stronger roots, and increased vitality across crops and landscapes.

BUT WHAT MATTERS IS WHAT YOU SAY NEXT.

Yield5™

BIOBASED FERTILIZER

Concentrated all-natural plant food for agriculture, trees, pasture, citrus, ornamentals, turf, shrubbery, and more.

GUARANTEED ANALYSIS

- Soluble Potash (K₂O) – 8.0%
- Biobased Carbon – 28.0% (humic substances and organic carbon sources)
- Micronutrients (Zn, Mn, Fe, B, Mo) – 2.0%

Total Biobased Ingredients: 100%
Derived from:

- Leonardite extract
- organic molasses
- humic substances
- fulvic substances
- amino acids
- seaweed extract (Ascophyllum Nodosum) chelated micronutrients (Zn, Mn, Fe, B, Mo) potassium & calcium thiosulfates
- organic alcohols
- cold-pressed plant oils
- natural carbohydrates
- OMRI-eligible stabilizers and carriers
